

The art of savoir-faire lies in the preparation
of ingredients, where the human touch is
at the heart of each creation.

I hope that Arnaud's team, and my own, will bring you
a little taste of love and indulgence.

WHITE TEAS

Jasmine pearls - Lyne Wang - China

Zhen Zhu Cha jasmine pearls make a subtle, delicate white tea as demonstrated by the light hue and soft floral aroma of their infusion. The jasmine is harvested in April before its July bloom.

GREEN TEAS

Long Jing grand Cru - Lyne Wang - China

Grown in an exceptional terroir by descendants of Confucius. The flat, dried green leaves are characteristic of the "Long Jing" style. The light yellow infusion offers a verdant flavour, a fine hazelnut aroma and a persistent aftertaste.

BLACK TEAS

Breakfast tea

A subtle blend of broken Assam and Ceylon tea leaves for a typical British breakfast tea that is mild yet stimulating and round yet pungent.

Earl Grey

A fabulous black tea from Yunnan mingled with delicate bergamot. A remarkable blend of balance and finesse.

Darjeeling

Harvested in March 2022 in the Himalayan foothills, this tea expresses the plant's extraordinary vitality, which emerges softly without astringency or bitterness. The Gopaldhara estate is located in the northeast of the city of Darjeeling. The blend combines leaves from young tea plants and centuries-old tea plants.

Lapsang Souchong - China

A black tea smoked with natural «Song Mu» spruce wood. Infuses to golden red with a subtle smoky taste.
